

# TEST REPORT

PRODUCT: Web Application <https://demo.saleor.io/>

PREPERED BY: Oksana Voievudko

DATE: 05.08.2020

All tests were conducted based on Test Plan.

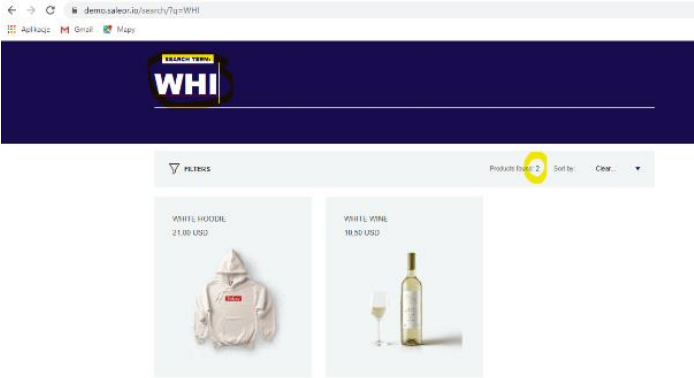

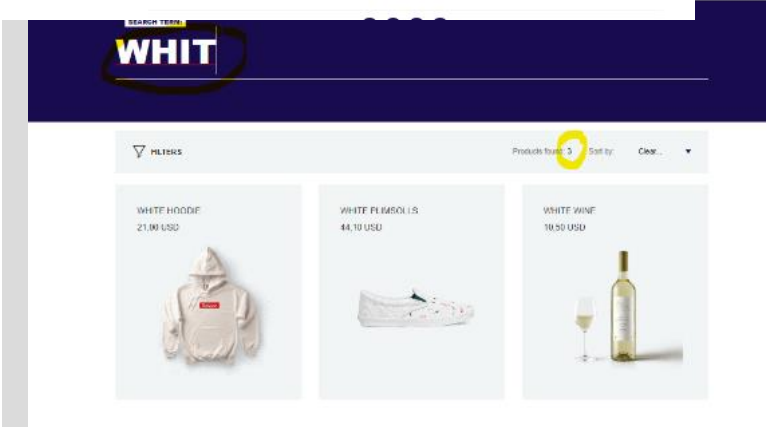

Bug priorities used:

[TBD: explain each prio]

- Critical
- High
- Medium
- Low

Found issues:

Nr	Priority	Summary
1.	High	Search field does not find all results correctly
2.	Medium	It is not obvious what fields are mandatory on SHIPPING ADDRESS page
3.	High	Shipping email for guest user on ORDER DETAILS page differs from provided by user
4.	Low	Incorrect email validation on REGISTER NEW ACCOUNT
5.	Critical	Password policy is weak
6.	Low	Incorrect email validation on RESET PASSWORD
7.	Low	Order of SIZES for several products are wrong
8.	Low	MY ACCOUNT - EDIT ADDRESS form disappears when logged in user just select FIRST NAME with a help of a mouse
9.	Low	CONTINUE TO PAYMENT btn should not be active if no payment method is selected
10.	Low	CONTINUE TO SHIPPING by logged in user with address with lack of mandatory fields leads to unclear errors
11.	Low	[Dashboard]:filters are not cleared after clicking CLEAR btn
12.	Medium	Displayed items do not correspond to proper category
13.	Medium	Logged in user with static user email can not change his personal information – data are not stored on UI
14.	Medium	No error after entering intentionally wrong OLD PASSWORD on MY DATA page
15.	Critical	Logged out user can see orders of other user

Nr	1
Summary	Search filed does not find all results correctly
Priority	High
Severity	High
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Search results differs when user enters several letters of search word and entire word
Steps to reproduce	<ol style="list-style-type: none"> <li>1. Go to main App page</li> <li>2. Start typing 'WHI' on the search filed</li> <li>3. Remember number of items which have been found</li> <li>4. Continue typing 'WHIT' on the search filed</li> <li>5. Continue typing 'WHITE' on the search filed</li> </ol>
Expected result	Number of found product in step 2 , 4 and 5 are the same
Achieved result	Number of found product in step 2 , 4 and 5 are the different (2-3-4 correspondly)

Nr	2
Summary	It is not obvious what fields are mandatory on SHIPPING ADDRESS page
Priority	Medium
Severity	Low
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	After guest user checkouts order and proceed to SHIPPING ADDRESS page there is no information which fields are required to fulfil and which of them are optional
Steps to reproduce	<ol style="list-style-type: none"> <li>1. Place any order to the basket</li> <li>2. Go to 'Checkout' – 'Continue as a guest' option</li> <li>3. Fill in SHIPPING ADDRESS page</li> </ol>
Expected result	On SHIPPING ADDRESS page mandatory fields are highlighted or pointed using (*)
Achieved result	On SHIPPING ADDRESS page mandatory fields are highlighted one-by-one only if user clicks 'CONTINUE TO SHIPPING' btn
Screenshots	

Nr	3
Summary	Shipping email for guest user on ORDER DETAILS page differs from provided by user
Priority	High
Severity	High
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Shipping email for guest user on ORDER DETAILS page differs from provided by user
Steps to reproduce	<ol style="list-style-type: none"> <li>1. Place any order to the basket</li> <li>2. Go to 'Checkout' – 'Continue as a guest' option</li> <li>3. On SHIPPING ADDRESS page provide and remember e-mail</li> <li>4. Finalise order by choosing any further options</li> <li>5. After order is finalized Check ORDER DETAILS page</li> </ol>
Expected result	Shipping email for guest user on ORDER DETAILS page DOES NOT differ from provided by user on SHIPPING DETAILS page
Achieved result	Shipping email for guest user on ORDER DETAILS page differs from provided by user on SHIPPING DETAILS page
Screenshots	 <p>The screenshot shows the 'Shipping Address' and 'Review Order' sections of the checkout process on demo.saleor.io. The shipping address is 'adm... adm...', 'adm...', 'adm...', 'ADMIN, Angola', and 'mm...@example.com'. The billing address is 'admin1 admin1', 'admin, admin, ADMIN, , Anguilla', and 'Email: mm@mm.com'. The shipping method is 'fastway couriers' and the payment method is 'Dummy: Not charged'. The order summary shows a subtotal of 21,00 USD, shipping of 4,15 USD, and a total of 25,15 USD.</p>

Nr	4
Summary	Incorrect email validation on REGISTER NEW ACCOUNT
Priority	Low
Severity	Low
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Wrong validation is implemented after providing incorrect email and clicking REGISTER—check should contain domain as well (e.g. '.com')
Screenshots	

Nr	5
Summary	Password policy is weak
Priority	Critical
Severity	Critical
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Hypothetically it is possible to register user with only 1-digit long password, no additional validations required, no errors are visible
Screenshots	

Nr	6
Summary	Incorrect email validation on RESET PASSWORD
Priority	Low
Severity	Low
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Wrong validation is implemented – check should contain domain as well (e.g. '.com')

Screenshots

The screenshot shows a web browser window with the URL [demo.saleor.io/category/paints/20/](https://demo.saleor.io/category/paints/20/). The page displays a 'RESET YOUR PASSWORD' modal. The modal text reads: 'Please provide us your email address so we can share you a link to reset your password'. Below this text is an input field labeled 'Email Address' containing the text 'aa@dd'. A yellow circle highlights the email address. Below the input field is a green button labeled 'RESET PASSWORD'. The background of the page shows a product listing for 'Paints' with items like 'HYPERSPACE TURQUOISE PAINT' (15,00 USD) and 'LIGHT SPEED YELLOW PAINT' (7,50 USD).

Nr	7
Summary	Order of SIZES for several products are wrong
Priority	Low
Severity	Low
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Order of SIZES for several products are wrong

Nr	8
Summary	MY ACCOUNT - EDIT ADDRESS form disappears when logged in user just select FIRST NAME with a help of a mouse
Priority	Low
Severity	Low
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	MY ACCOUNT - EDIT ADDRESS form disappears when logged in user just select FIRST NAME with a help of a mouse
Screenshots	

Nr	9
Summary	CONTINUE TO PAYMENT btn should not be active if no payment method is selected
Priority	Low
Severity	Low
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	CONTINUE TO PAYMENT btn should not be active if no payment method is selected
Screenshots	 <p>The screenshot shows the Saleor checkout process. At the top, there is a progress bar with four steps: Address, Shipping, Payment, and Review. The 'Shipping' step is currently active. Below the progress bar, the section is titled 'SHIPPING METHOD'. There are four radio button options for shipping methods, each with a cost in USD: DHL (+18,46 USD), DB Schenker (+45,34 USD), LPS (+63,13 USD), and Registered priority (+70,60 USD). A yellow rectangle highlights the first three options. Below the shipping method list, there is a teal button labeled 'CONTINUE TO PAYMENT'. A yellow circle highlights this button, indicating it should be inactive when no shipping method is selected.</p>

Summary	CONTINUE TO SHIPPING by logged in user with address with lack of mandatory fields leads to unclear errors
Priority	Low
Severity	Low
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	<p>logged in user place order and checkout</p> <p>User selects shipping address with lack of mandatory fields and clicks 'CONTINUE TO SHIPPING'</p> <p>Unclear errors are present on the screen</p>
Screenshots	

Nr	12
Summary	Displayed items do not correspond to proper category (category-accessories, products = hoddies)
Priority	Medium
Severity	Medium
Component	<a href="#">API</a>
Description	Displayed items do not correspond to category
Screenshots	

Nr	13
Summary	Logged in user with static user email can not change his personal information – data are not stored on UI
Priority	Medium
Severity	Medium
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Logged in user with static user email can not change his personal information – data are not stored on UI
Additional info	<p>Seems route cause is read-only access for some end-points</p> <pre>[{"errors": [{"message": "Be aware admin pirate! API runs in read-only mode!", "locations":</pre>

Nr	14
Summary	No error after entering intentionally wrong OLD PASSWORD on MY DATA page
Priority	Medium
Severity	Medium
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	No error after entering intentionally wrong OLD PASSWORD on MY DATA page

## Screenshots

```
[{"errors": [{"message": "Be aware admin pirate! API runs in read-on
```

Seems route cause is read-only access for some end-points

Nr	15
Summary	Logged out user can see orders of other user
Priority	Critical
Severity	Critical
Component	<a href="https://demo.saleor.io/">https://demo.saleor.io/</a>
Description	Logged out user can see orders of other user It is enough to log in=>see orders=>log out=>refresh url. It is expected error 'access denied' But logged out user has access to that page
Screenshots
